**Assange Final**

*Gozareshgaran Appeal Petition:*

05.04.2022

## ***Free Julian Assange!***

Julian Assange, editor, publisher, activists and founder of Wikileaks, the whistleblower site, is on the verge of being extradited to the US.

Assange, who with his abilities, has rebelled against the warmongers and perpetrators, who wish to silence outspoken organizations, who challenge the capitalists attempt to put an embargo on the press. Assange has spent many years in asylum and has withstood severe restrictions and has now become the victim of governments 'conspiracies that themselves are the biggest creators of victims in war-torn countries. From the direct military intervention, to the astronomical sale of modern weapons of war, which are capable of mass destruction.

But Assange however, defended those victims, whose war crimes committed against them, have not been recorded anywhere in history.

Assange has exposed the actions of governments, who with their financial power, corporate media news and reports, kept hidden and covered their killing machine and military operations against civilians, and now, he is being prosecuted for exposing the criminals and their war crimes.

If Julian Assange be handed over to US government, definitely, he will have a very dark future ahead. Torture in high security prisons of the US is the least thing that awaits Julian Assange.

Julian Assange, who was a refugee in the Ecuadorian Embassy, with collusion of the Ecuadorian government, and UK, and with false accusations, including not being healthy! he was handed over to UK government, and the Path to his extradition to the US government was complete.

We, the political, social, and cultural activists, who support freedom of expression, and the right to publicly investigate the performance of governments, with total transparency, whilst expressing our deepest concerns over Julian Assange's extradition to the US authorities, and demand his unconditional release and cease any international prosecution.

Julian Assange's lawyers have said: "If convicted in the US, he will probably face up to 175 years of imprisonment, and this is while his real crime is for fighting against censorship, and exposing the crimes committed against civilians in Iraq and Afghanistan."

We strongly condemn the British government's actions and judicial cooperation to facilitate Julian Assange's extradition to the US and we call on all human rights organizations and defenders of freedom of expression, to not remain silent in the face of Julian Assange's deportation to the US.
