## UKRAINE III Zelensky : THE Millenarian 'Maccabee'?

Are the great 'Maccabee' Zelensky, and his sponsors and financiers part of this millenarian and apocalyptic conception of the world?

Millenarianism or chiasm is the doctrine according to which Christ will return to reign on Earth for a thousand years, before the last battle against evil, producing the condemnation of the devil to lose all his influence for eternity and begin the Universal Judgment. Maybe. But a Zionist is, especially if he belongs to the pleiad of the global anti-communist far right, which advocates the triumph of Eretz Israel over the contour of humans.

"Israel is the key to America's survival," says Mike Evans, founder and president of Lovers of Israel Inc., one of the organizations that brings together Christian Zionists. "Now that we meet Israel, I believe we will see God do a powerful work in our day. God is going to bless America and Israel. (Christian Zionism, the new heresy that dominates America, Stephen Sizer, Anglican pastor, 12./2/2019, in Free Palestine).

The movement 'is not made up of madmen,' says Sizer, 'but of upper-middle-class Americans. They give millions of dollars each week to television evangelists who lay out the fundamentals of the sect. They read Hal Lindsey and Tim La Haye, who spread a goal: "To help God's hand to float to heaven free of all problems, from where they will see Armageddon and the destruction of planet Earth."

#### The Final War

"Religious Zionism has a particularity, which determines its support for Israel in a paradoxical way. To support the Jewish state is also to accelerate the process of the end times, that is, to bring forth what the Bible calls the apocalypse. According to Elizabeth Oldmixon, evangelicals in the United States who adhere to this novel form of Zionism – whose roots lie in restorationist Protestantism – (emerged in the nineteenth century in England, then exported to the United States) – "they would make up a third of the evangelical population of the country, with about fifteen million faithful. Oldmixon indicates that "These are the people who believe that there will be a millennium in the future, a golden age, where Christ will reign on Earth, and they believe that before Christ returns, there will be a tribulation where he will overcome evil. There will be natural disasters and wars, and perhaps an Antichrist, as the book of Revelation points out. Then, at the end of that period, the Mosaic covenant people, including the Jews, will be

converted. Then, after his conversion, the great millennium begins" (Mauricio Amar, Christian Zionism and the End of Time, eldesconcierto.cl, 8/10/2018)

And later, the author of this note argues: "The importance of Christian Zionism in moving the embassy from Tel Aviv to Jerusalem is of great relevance, given that the Trump administration is closely linked to this apocalyptic tradition. In fact, since 2006, the current has an organization of more than three million members called Christians United for Israel (CUFI), created by Pastor John Hagee, who in the last presidential campaign worked doubly for support for Trump and the Israeli lobby. U.S. Vice President Mike Pence is indeed a Christian Zionist and has been instrumental in the process of confluence between *such ideas and those of the anti-Semitic far right.*" (emphasis added)

It wasn't just Trump who supported Christian and Jewish Zionism. 60% of the financial support of the Israeli lobbie in the US has long gone to the Democratic Party, to which Joe Biden belongs, which insists on provoking a war between Russia and NATO, via Ukraine.

That said, what precepts does Christian Zionism assume, besides the fact that the people of Israel are chosen alongside that of the U.S. by God, that the reconstruction of the Temple must be done on the ruins of the Muslim Dome in Jerusalem, that Jerusalem is by biblical mandate the capital of Eretz Yisrael, that the Arabs are enemies of God's people, and that the end of the world will come soon in the great battle of [Armageddon \(end\). of the world](#) or [end of time](#)) through catastrophes, but will those who support Israel survive?

According to these precepts, wars are the order of the day against the wicked.

Are the great 'Maccabee' Zelensky, and his sponsors and financiers part of this millenarian and apocalyptic conception of the world? His attachment to the war against Russia, his support for the formation of Nazi battalions and the appointment of Nazis to key positions of Ukrainian 'defense', and the incorporation of Ukraine into NATO, coincide with this idea of the symbiosis between Zionists and Nazi anti-Semites of Pence and others in the context of a total catastrophe, the one they seem to want to reach?. Will they believe that after Armageddon – which will consist of an all-out war between Russia and NATO and the destruction of the population of Eurasia – it will result in the arrival of the new Messiah who will govern the destiny of the chosen peoples, that of Israel (Jews) and Americans, Saxons and pure white Nazis?

Does the outfit of the 'Jew' Zelensky of these days – a green T-shirt displaying a malt cross – mean more than a detail – when he calls in a video to include NATO once again in the war, demanding the blockade of Ukraine's airspace to Russian aircraft on pain that the deaths that occur from now on in Ukraine would be the fault of NATO, as stated?

The insanity that pivots on myth is touched here with worldly interests.

And these interests are nothing more than those of large U.S.-based transnational corporations. The US, Britain and Anglo-Saxon countries such as Canada and Australia, today involved before anyone else in the confrontation with Russia and provocations to China, via recognition of an 'independent' Taiwan.

And Israel, what pito plays in this tragicomic carnival?

It would seem that he wants to 'mediate', although Russia has dismissed the fact. Israel intends to extort money from Russia through the 'Maccabee' and its troupe (which at the time proposed to Putin to meet to negotiate peace in... Jerusalem) in relation to Russia's support for Syria, Iran and Palestine in the Middle East. But that's not all...

La estrategia del sionismo cristiano y ultraderechista de Israel, el nazismo ucraniano y los anglosajones liderados por USA e Inglaterra parecería ser:

– Provocar una confrontación entre una Europa que no les sirve y una Rusia que amenaza su hegemonía mundial, que ya no es tal, matando – o haciendo matar- dos pájaros de un tiro.

– Dividir a Rusia en varios Estados 'independientes' que sean manipulados por USA y compañía.

– Avanzar hasta los depósitos de gas, petróleo y otras riquezas que contiene la zona del Cáucaso y el Mar Caspio, centro del mundo según Brehzinski y otros ‘geopolíticos’ imperiales y botínpreciado por el nazismo hitleriano y el imperialismo norteamericano hoy.

– Convertir la zona de Crimea en un nuevo Israel a fin de controlar, como en el Oriente Medio, las áreas descritas anteriormente.

– Una vez lograda esta meta, impedir que China utilice esta energía para proseguir liderando el mundo industrial que liquida poco a poco a USA y el resto del mundo – potencias capitalistas e imperialistas.

The sad and at the same time perverse role played by Zelensky, Igor Kolomoisky, Biden and their offspring - their son, like Kolomoisky, is a great producer of Ukrainian gas and looter of it - Nazism and Israeli Christian Zionism, coupled with the darkest of the imperial world and its lackeys, will be burned in the fire of the Russian will not give its arm to twist, as for its aims to liquidate Nazism and militarism in Ukraine.

It has the support of countries that have freed themselves from the imperial chains of Our America, Asia, Africa and the Middle East.

And of the peoples of the world, who increasingly discover the felonies that the architects of terror plot, the strategists of the end of the Earth, which if not neutralized could lead to the destruction of all humanity.
