## Princes Diana's Secret Daughter Tries to Prove Prince Charles Killed Her Mom

By Effie Orfanides

12/4/2015

Princess Diana supposedly has a "secret daughter" -- and this has been rumored for many years. In a new report put out by the National Enquirer, this woman has allegedly come forward to speak out about her "mother's" death. Evidently, this woman believes that Prince Charles murdered Princess Di and she's out to prove the truth to the world. Problem being, Prince Charles is allegedly doing everything that he can to shut her up.

"I have deliberately stayed in the background for many years. But my mother's exhumation opened the door for me to go public. If the Palace keeps out of the investigation, it will show Charles was behind her murder. And I still hold bombshell evidence that will destroy the man. I'm his worst nightmare," said a woman named Sarah who claims to be Princess Diana's daughter. "He wants me silenced. He has a team of trained killers out to get me. He's vowing to murder me, just like he did my mother. He sees me as a threat," Sarah added.

Princess Diana's "secret daughter" says that she had a "secret meeting" with Kate Middleton in 2014 and that she has the support of the Duchess of Cambridge. Whether you believe that "Sarah" is Lady Di's child or not, there are other very interesting parts of this story. For starters, people are very interested in the death of the People's Princess and, to this day, many believe that her death wasn't an accident... not even close.

Regardless, Diana's sons, Princes William and Harry, don't seem to be confused about what happened to their mom. According to Us Weekly, Harry recently talked about losing his mom, but didn't seem confused or concerned about her death in any way.

"I knew there would always be a gaping hole that could never be filled," Harry said.

There have been reports that the boys have "secretly" paid for Diana's body to be exhumed. As previously reported by Starpulse, reports indicate that the boys want to find out more about what actually happened to their mom back in 1997. Whether or not this is true, however, is unknown.

Do you think Princess Diana was intentionally killed? If so, do you think that the truth about her death will ever be revealed?
