Tiger squad is a new name which after slaughtering Jamal Khashoggi, is often heard these days. This new gang is part of the Saudis' Crown Prince, Mohammed Ben Salman's security forces. It has been established for immediate slaughtering of anyone anywhere in the world. With a certain task as defined, "to cut the fingers of any journalist who writes against the US Crown-Monster in Saudi Arabia.

In an act of caution, the 15members of the Tiger Squad, plus 3 members of the Saudi butchery consulate in Turkey, have been arrested after the world-wide scandal of their slaughtering mission broken out. However, their commander not only has not been arrested, but his support and retention by the USA has shamelessly been ascertained by Trump. On 20th of Nov the Saudi Foreign Minister announced that, the question of their crown Prince resignation, will be considered as crossing their red line! That was after the 82-year-old crafty Saudi king Salman's speech, in the Saudi Parliament on 19th November. The speech started with:

"The World should stop Iran's nuclear and missiles activities!" (a highly comic start to cover their barbaric slaughter in Istanbul!) Then he expressed his gratitude towards the judges and justices , who instead of condemning Bin Salman, the commander, had arrested all the 18 butchers, and passed a sentence for 5 executions and 13 life sentence punishment!)

Then he added “how important for him is Palestine! (After all these recent killings of Palestinians by his partner Israel.) Besides, no Palestinian refugees are accepted in Saudi Arabia, unless with an Israeli Passport!

And then came the blank cheque and all the hands out!

The same day after a one-day ceased-fire the attack on Yemeni Hadid Harbour started again heavily!

On 21st, Trump was asked for his certainty, whether Mohamad Bin Salman played a role in the slaughtering of Jamal Khashoggi? Trump defended US ties with Saudi Arabia despite international condemnation of the brutal murder, adding: maybe he did and maybe he didn't! Yet US media have reported that the CIA believes Mohammad Bin Salman ordered the murder.

But Mike Pompeo, US Foreign Minister said : the kingdom spent “billions of dollars in leading the fight against Radical Islamic terrorism, (!) “whereas Iran has killed many Americans and other innocent people throughout the Middle-East!”

The facts:

This Crown- Saudi Monster is the commander of the US established proxy army, the so-called Arab coalition forces, which have killed more than 56, 000 Yemeni since 2016.

He is the commander responsible for Genocide of 1,000,000 Yemeni children through imposed famine,

He is the commander responsible the for absence of medicine in the treatment of nearly 1,000, 0000 people who are victims of breakout of a cholera.

He is the commander responsible for the starving of the 22 million Yemeni nation, and exposing them to death.

The order for the brutal slaughter of Khashoggi was given because he was against this war. In the recent 4 years of this US colonial proxy war against the poorest people of the Middle-East, Mohammad Bin Salman (MBS) has been the commander of all these miseries in Yemen. That is the brutal Daesh producing way of the Saudi-Salafis.

When the fat big Yankee, the US Foreign Minister tries to fool the world by telling lies, he is trying to fool the world to eat more, while Yemeni children weigh only 5 kilos at the age of 5!

The false “Iran's nuclear activity” is then used as disguise to hide these disgusting war crimes. While the Zionist US, is looking for an easy colonization of Yemen, without hindrance.

Southern Yemen was once a British Colony. After Khashoggi's killing in Istanbul, British Foreign Minister Jeremy Hunt travelled to Saudi Arabia and the United Emirates, to persuade the US Coalition to make Peace and cease-fire in the Hadid Harbour, which is under control of the Houthis.

Britain was the first to protest against the Saudis' decision to execute Khashoggi through what they had heard in tapped Saudi conversation and was the first to give a statement against this war to the UN!

The Saudis are the US bully in the Middle -East. And this revealed slaughter is only a drop of their ocean criminality.

But the US War in Yemen is to colonise Yemen with its 200 islands. To dominate all the warm water paths, from the Indian Ocean through the Persian Gulf, Aden Gulf, Suez Channel to the Mediterranean sea. The Oil and other Middle -Eastern resources are parts of US Zionist plan for world domination. The dirty slogan of "USA first"!! In pursuit of this aim, if millions of people get killed, that is not the worry of the racist US Zionists. They are only interested in 1 billion out of 7-8 billion people in the world, according to the Club of Rome plan.

The Republic of Yemen occupies 527,970 square kilometres of the Arabic Peninsula. Saudi Arabia to the north, The Red Sea to the west, the Gulf of Aden and Guardafui Channel to the south, and the Arabian Sea and Oman to the east. Sana'a the Capital has been under Houthi control since Feb 2015.

Yemen territory includes more than 200 islands, the largest being Socatra. Since 2001, the Saudis have taken the most active part after the Zionist USA in ruining Afghanistan, Iraq, Syria, Lebanon, Palestine, Yemen and producing all kinds of reactionary Islamist groups such as Taliban, Al-Qaida, Daesh, ISIS, Al-Nusra, Al-Shabab, etc... with the financial support and politically active mosques. The US domination on the warm waters will bring slavery to the world.
